AGENCY'S DISCUSSION AND ANALYSIS

Description of Agency

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) is the third largest state law enforcement agency in South Carolina and is charged with the supervision of offenders in the community placed on probation by the Court, granted parole by the South Carolina Board of Paroles and Pardons, enrolled in mandatory release programs - Community Supervision Program (CSP) and Supervised Reentry Program (SRP) and on Youthful Offender Release from the South Carolina Department of Corrections (SCDC). Offenders are supervised according to a wide range of strategies that are designed to provide the opportunity to succeed while protecting public safety. The Department embraces its motto: *Prepare, Provide, Protect.* At the end of fiscal year (FY) 2022, the Department supervised a daily average of 67,535 jurisdictional offenders and 22,113 active offenders.

The Department was created on October 18, 1941 by Act 562 (amended to Act 563) with the expectation to maintain high standards of integrity, professionalism and accountability. In July 2018, the Department became the first and remains the only probation and parole agency in the nation to be accredited by the Commission on Accreditation for Law Enforcement Agencies (CALEA). State accreditation was received from South Carolina Law Enforcement Accreditation, Inc. in January 2021.

The Department maintains a headquarters facility in Columbia along with 46 county offices and five county satellite offices (Beaufort, Berkeley, Dorchester, Marietta, and York). At the end of FY 2022, the Department was staffed with 686 employees, which included 368 sworn officers and 318 non-sworn staff. The Department is comprised of the Director's office and three divisions: Administration, Offender Supervision and Enforcement Services, and Legals and Policy Management.

Jerry B. Adger was appointed as Director in January 2015 by Governor Nikki Haley. Director Adger has the overall responsibility for the Department, the budget, staff functions, and development of all policies and procedures governing the agency. The Director's Office includes the Office of Chief Deputy Director Jodi D. Gallman, the Office of Paroles, Pardons and Release Services, the Office of Program Planning and Development and the Office of Professional Responsibility.

The Administration Division is managed by Deputy Director Virginia J. Camp and includes the Office of Fiscal Management, the Office of Information Technology Services, the Budget Office, the Office of Grants Administration, the Human Resources Office and the Office of Property Management and Procurement.

The Division of Offender Supervision and Enforcement Services is led by Deputy Director Chadwick A. Gambrell who has oversight of all field operations, including regional offices, Interstate Compact Services, Special Operations Unit, Field Programs and Body Worn Cameras and Standards, Compliance and Performance.

The Legals and Policy Management Division is led by Deputy Director J. Benjamin Aplin, Esquire and includes the Office of General Counsel, the Office of Victim Services, the Ignition Interlock Device Program, the Office of External Affairs, the Office of Accreditation and the Office of Administrative Hearings.

The Department's supervision strategies are consistent with empirically proven practices and continue to generate positive results in the lives of offenders, as evidenced in successful closure rates. SCDPPPS touts an 81% successful probation closure rate compared to the national average of 66%. In reference to parole supervision, SCDPPPS has an 83% successful closure rate compared to the national average of 69% (Bureau of Justice Statistics, *Probation and Parole in the United States, 2020, December 2021*).

Significant Projects & Agency Successes

SCDPPPS seeks to be recognized nationally as a catalyst for positive change in the lives of offenders, a force for public safety, a leader in victim services, and a responsible steward of public funds. Under the leadership of Director Adger, Department resources are carefully allocated, enabling SCDPPPS to expertly carry out its mission.

Speaking to the heart of its mission, SCDPPPS has continued its many successes in diverting offenders from the SCDC. Compared to 2010 baseline numbers, in FY 2022 compliance revocations were reduced by 68%, with a decrease of 71% in new crime revocations. Since 2010, SCDPPPS has created a cost-avoidance for state taxpayers of almost \$100 million. The diversion of offenders from incarceration remains a major focus of the Department (2022 Strategic Plan Objective 3.2.1).

During the past fiscal year, SCDPPPS also expanded specialized domestic violence agent caseloads to increase victim safety through increased contact with the offender, treatment, and quickly addressing violations. Following an initial pilot program with a single Agent in York County, these caseloads expanded to 29 Agents across 13 counties with the addition of the thirteenth county in FY 2022. SCDPPPS will continue to pursue further expansion as resources allow. The Agents selected to supervise these caseloads received specialized training and strategies for this unique offender population and will receive annual training to keep them abreast of national trends and best practices for supervising domestic violence offenders. This initiative is intended to reduce recidivism and increase the rate of successful supervision (2022 Strategic Plan Objective 3.2.4).

Recognizing the major impact that mental health issues have on the offender's successful reentry into society, SCDPPPS has placed a significant focus on addressing offender behavioral needs. During the past fiscal year, the Department expanded the Mental Health Program by hiring a Mental Health Program Manager and five Mental Health Agents. These staff members supervise individuals with chronic mental illnesses in nine counties. With FY 2023 legislative funding, SCDPPPS intends to further expand the Mental Health Program (2022 Strategic Plan Objective 1.1.5).

SCDPPPS is in the process of recertifying all staff in Mental Health First Aid, which is a skilled-based training where participants learn about mental health and substance-use issues. In response to spikes in opioid overdoses across the state, SCDPPPS updated relevant policies, increased data collection methods, and implemented new supervision strategies, including adding synthetic opioids to drug test panels. Additionally, SCDPPPS staff were trained on medication-assisted treatment.

The Agency's primary means to supervise high-risk offenders is modified home visits in addition to offenders reporting to individual county offices. This began as a result of health precautions established during the pandemic, but SCDPPPS continues this practice due to community visibility and supervision enhancement (2022 Strategic Plan Objective 1.1.4). The average number of offender contacts were increased due to the additional amount of time the Agents spent in the field. These advancements were made possible by the Law Enforcement Vehicle Distribution Plan. To further enhance Agents' capabilities while in the field, radio communication equipment was increased to a 1:1 ratio.

Additionally, in an effort to optimize SCDPPPS financial resources and fiscal accountability, Agents in Charleston County began utilizing quick response (QR) codes printed on leave-behind home visit door knockers and fliers. Scanning the unique QR code will ease the fee payment process for offenders who may have previously had difficulty finding the Agency website. This pilot program will be expanded to all counties in FY 2023. SCDPPPS has continued to promote the expanded use of the online payment system throughout the state in an effort to increase offender fee collections and accountability (2022 Strategic Plan Objective 1.2.3).

As the majority of SCDPPPS staff worked remotely during the COVID-19 pandemic, the need arose to create a formal process to convert offender paper files into more efficient electronic files. Thus, E-filing was developed.

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services			
AGENCY CODE:	N080	SECTION:	066	

Beginning as a pilot in April 2020, E-filing allowed county office staff to have access to case files while conducting offender field work. The expansion of E-filing began in July 2021, and currently the Agency has over 27,836 cases E-file ready (2022 Strategic Plan Objective 4.1.1).

All counties have been trained to perform e-filing, region-by-region. An audit team continues to review cases to ensure compliance. The E-filing Team has transitioned to become the Standards Compliance and Performance Team, which standardizes Agency expectations, employee accountability, recruitment, E-filing, record retention, and training and quality assurance. The E-file process was completely developed and implemented by SCDPPPS employees, and the cost of E-filing to state taxpayers was estimated at a mere \$14,500. Hypothetically, if this project had been outsourced, research reflects that the cost would be over \$2.1 million. This process may serve as a valuable example to other state agencies that wish to go paperless, eliminate waste and save taxpayer dollars (2022 Strategic Plan Objective 4.1.1).

During this past fiscal year as SCDPPPS has begun to emerge from this public health crisis, the Agency has prevailed through uncertain times as we continue to **PREPARE** offenders under our supervision toward becoming productive members of the community; **PROVIDE** assistance to the victims do crimes, the courts and the Parole Board; and **PROTECT** public trust and safety.

Internal Factors Affecting the Agency's Performance in FY 22

One significant challenge affecting Agency performance includes the need to develop a sustainable performance pay plan for Agents to address retention and recruitment and to establish a professional career path.

Another factor that SCDPPPS management has considered as it moves forward is the need to continuously expand specialized caseloads for domestic violence, sex offender and mental health offenders. This is a regular budgetary request of the Department

Reshaping offender re-entry to prepare inmates for supervision prior to release from incarceration also remains an important SCDPPPS objective (2022 Strategic Plan Objective 1.1.3).

External Factors Affecting the Agency's Performance in FY 22

SCDPPPS works to maintain partnerships with state agencies, the justice community, and service and providers. These valuable partnerships create opportunities for innovative collaboration and problem solving. On April 20th, 2022 the South Carolina House of Representatives Legislative Oversight Committee approved the Subcommittee's 2021 Study of the Department of Probation, Parole and Pardon Services. Team leaders from the following agencies were been assigned to collaborate and implement each recommendation and report their findings: the 11th, 13th and 15th Circuit Solicitor's Offices, SC Department of Administration's Revenue and Fiscal Affairs Office, SC Commission for Minority Affairs, SC Commission on Prosecution Coordination, SC Department of Employment and Workforce, SC Vocational Rehabilitation Department, the Office of South Carolina Attorney General and SCDC. SCDPPPS' leadership continues to have quarterly meetings with the SC Department of Mental Health leadership to discuss the Mental Health Program, increase understanding of each agency and explore solutions for identified barriers. In addition, SCDPPPS service provider, The Phoenix Center conducted the annual mental health training on medication-assisted treatment (MAT).

Agency's Current Efforts and Associated Results

While the pandemic may have been the catalyst to implement the use of technology in the Agency's daily operations, current efforts are being made to explore more efficient ways to do business and save time and

money. During the past fiscal year SCDPPPS has achieved a decrease in the offender unemployment rate, created timelier supervision plans and increased the quality of offender interactions through the use of body worn cameras.

Underserved victims of crime were provided additional informational tools (2022 Strategic Plan Objective 2.2.2). The South Carolina Victims' Bill of Rights was translated into Spanish and Braille. I addition, a large format version of the Bill of Rights was created at the suggestion of the South Carolina Commission for the Blind. Each SCDPPPS county office has a copy of the Braile version and Victim Advocates have multiple copies of the Spanish and large format versions available for crime victims. As a measure to improve its services, the Office of Victim Services initiated an impact and satisfaction survey, which is sent to victims upon the closing of the associated offender's case. Survey responses provide information of the victim's experience working with Victim Advocates and overall satisfaction of the post-conviction process with SCDPPPS.

Citizens now have more interactive metrics that are publicly available on the Department's website (2022 Strategic Plan Objective 3.1.1). In addition to county office location and contact information, persons visiting the SCDPPPS county office directory page at https://www.dppps.sc.gov/About-PPP/County-Office-Directory will see a county's jurisdictional offender count by supervision type. Plans are underway to include additional offender data on the website in FY 2023.

Because one of SCDPPPS' principal stakeholders is the courts, a field subcommittee was tasked with surveying members of the judiciary to measure performance, identify deficiencies, seek feedback for improvements to the Department's court processes and develop specialized courtroom training (2022 Strategic Plan Objectives 2.1.2 and 2.2.3). The subcommittee conducted focus groups with a sample of circuit court judges who represented a geographical cross section of the state with varying years of experience. The information gathered has been submitted to the Strategic Planning Committee. The nexr step is to incorporate suggestions into court processes and address any criticisms and concerns.

Employee retention has remained constant with a continuous rate above 80%.

Plans Under Development to Introduce Additional Changes

Mental Health Specialized Caseload Program: During FY23, SCDPPPS plans to expand the Mental Health Program to 19 counties, meaning 41% of the SCDPPPS' offenders with persistent and severe mental illness will be supervised by a specialized agent. The program will grow to 10 Mental Health Agents, who will receive over 100 hours of specialized training.

Domestic Violence Specialized Caseload Program: SCDPPPS is currently planning to expand the DV Unit to five counties, operating the program in 18 counties by the end of FY 2023. Seventy-two percent (72%) of offenders on supervision due to a domestic violence offense will be supervised by a specialized Domestic Violence Agent. The Domestic Violence Supervision Assessment (DVSA) will be automated and will assist with identifying offenders' risk of reoffending.

Electronics Detection Canine: Sex offenders are supervised by specially trained Agents in the Sex Offender Management Program. Through the use of specialized software, digital forensic analysts search cell phones, tablets, computers, and gaming systems for the presence of sexually stimulating or explicit materials. SCDPPPS is now planning to enhance its search capabilities by deploying an electronics detection canine (EDC) to assist in discovering concealed devices in sex offenders' homes storing explicit material; a violation of their supervision agreement. The canine is trained to smell a special chemical in electronic devices that may house illicit material. Once discovered, devices will be subject to forensic analyses. The electronics detection canine will accompany Sex Offender Agents on routine home visits throughout the state in FY 2023.

AGENCY CODE:	N080	SECTION:	066	

Special Operations Response Team: During FY 2023, SCDPPPS plans to have a specially trained team able to deploy anywhere in the state in a very short time period. This Special Operations Response Team (SORT) will assist with various security concerns or in times of emergency. Mobile Field Force training has begun in preparation of organizing this team which involves learning maneuvering tactics aimed at dispersing aggressive crowds during its early phase, or extracting agitators and leaders from larger groups. SCDPPPS has furthermore recently purchased helmets, shields and batons to be used by this team.

Supervision Enhancement Technology: SCDPPPS is exploring new ways to enhance the supervision of offenders and to improve processes through innovative technology. Plans are currently being expanded to use QR codes to convey a wide variety of information almost instantly with the scan of a mobile device. The Agency intends to increase the use of QR codes to enable offenders to complete various forms during the initial intake phase after sentencing. Mobile applications are also being explored for FY 2023 that will help offenders request a travel permit or simply check-in with their assigned Agent.

Other Highlights of FY 2022

Grant Awards: In an effort to innovate information sharing among justice involved stakeholders to coordinate crime reduction while improving the state's justice system, SCDPPPS received a \$1 million no-match award from the Justice Reinvestment Initiative grant to develop the South Carolina Justice Data Sharing Initiative. Criminal justice information will be shared between SCDPPPS and the State Law Enforcement Division (SLED) through an interface that will allow real-time access to computerized criminal history (CCH) data in the Department's Parole Information Center (PIC) as part of the parole consideration process, in the Offender Management System (OMS) for use throughout the supervision process and in the Pardon Automation Center (PAC) during the pardon investigation process. In turn, SLED will gain access to data on all active offenders in the OMS. Two-way data sharing will directly improve cooperation with law enforcement agencies in South Carolina and across the country. In addition, SCDPPPS will expand existing data sharing with the SCDC by providing reentry assessment results for inmates eligible for parole and for mandatory release programs.

In response to operational adjustments made during and since the onset of the pandemic, the Department was awarded a Coronavirus Emergency Supplemental Fund grant in the amount of \$212,302 to implement a mobile office vehicle conversion project. Funds were used to purchase car desks, car seat organizers, power inverters, portable printers and replacement ink cartridges for vehicles in the agency's fleet.

The Ignition Interlock Device Program Office received a \$50,000 grant from the Traffic Injury Research Foundation to develop its Ignition Interlock Device (IID) Vendor Oversight Automation and integration Project. The no-match award included an interface into the existing IID management system.

The Office of Victim Services received funding from the National Association of VOCA Assistance Administrators (NAVAA) through a grant from the Office for Victims of Crime (OVC), within the Office of Justice Programs, U.S. Department of Justice. The grant promoted community awareness of crime victims' rights and services during the 2022 National Crime Victims' Rights Week. Funding was used to provide informational brochures and distribute hand sanitizers to individuals in the Lowcountry in need of food bank services and citizens throughout the state in partnership with more than 60 local businesses.

Digital Marketing Recruitment Project: Fostering a positive public image of SCDPPPS remains a major focus of the Agency. In FY2022, the Department launched its first ever digital marketing campaign focused on educating the public about its many career paths. Online and television streaming hiring ads now air in multiple counties throughout the state, highlighting the benefits of working for the Department. This digital marketing recruitment campaign expanded the Agency's applicant pool, reached a broader market, and established best

practices for recruitment efforts in the future. The Department also created both a SCDPPPS LinkedIn and Instagram page, and experienced an increased online presence throughout social media.

This project has increased SCDPPPS reach on social media and the public's knowledge of the Agency. Additionally, this new approach has helped brand the Agency as well as encouraged communication with the public. The campaign timeframe was between January-June 2022, and its target audience was adults with an interest in criminal justice, law enforcement, information technology or program management. With this initial campaign, SCDPPPS reached more than 79,000 people.

Risk Assessment and Mitigation Strategies

The Department's strategic plan, goals, and objectives continue to support the Agency's mission and values. Failure to accomplish these goals has the potential to have a negative impact of varying degrees on the public and the Department's core stakeholders, offenders and victims. While there are risks associated with failure, the Department has identified mitigation strategies which rely on cooperation from existing partners including state agencies, local law enforcement, and other service and treatment providers.

Potential Most Negative Impact on the Public if Strategic Goals & Objectives Aren't Accomplished

Goal 1: The first goal, "To Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community", is one of the primary functions of SCDPPPS. The strategies for this goal involve providing evidence-based services for offenders in order to promote accountability and behavioral change while maximizing state resources. In addition, Goal 1 fouses on enhancing services by improving supervision processes to collect fines, fees and victim restitution. Specific objectives that support these strategies are 1.1.2, 1.1.3 and 1.2.2, all of which seek to increase utilization of evidence-based practices. By using practices such as risk and needs assessments and active supervision plans, the Department is giving offenders the information and tools they need to become productive members of the community. Similarly, by working with offenders to achieve payment of restitution accounts in full before the end of supervision, the Department is holding offenders accountable for financial losses caused by their criminal behavior, which promotes behavioral change. Failing to meet this goal would significantly damage the core basis from which SCDPPPS operates and would have an adverse effect on the Department's other goals. Also, it could lead to an increase in recidivism and a decline in public safety.

Goal 2: The second goal, "To Provide Assistance to Victims of Crimes, the Courts, and the Parole Board," relies on strategies that utilize customer feedback for continuous improvement and deliver quality services to Agency stakeholders. Objectives 2.1.1, 2.2.1, and 2.2.2, are examples which focus the Department's efforts to improve and deliver quality services through data collection and specialized training. These objectives provide opportunities to enhance productivity and correct deficiencies. The consequence of not meeting this goal would be a failure to provide adequate assistance to agency stakeholders because efforts were based on poor data integrity and inadequate training.

Goal 3: In its third goal, the Department seeks "To Protect Public Trust and Safety." The strategies supporting this goal focus on establishing and maintaining positive relationships with the public and enhancing methods to reduce recidivism. For example, Objectives 3.1.2 and 3.1.3 pertain to improving community relations. These objectives serve the dual purpose of building trust and enhancing safety. Indeed, the use of technology will allow the Department to ensure the appropriate supervision strategies are being applied to address all offender needs. Failing to meet this goal would result in deteriorating trust and diminished safety.

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services			
AGENCY CODE:	N080	SECTION:	066	

Goal 4: The last goal is "To Efficiently Develop the Organization and Workforce While Delivering Quality Services." The Department's Executive Management Team recognizes that its employees are the mainstay of the organization. They strive to encourage opportunity and growth by focusing on leadership, employee retention, creating a blueprint for knowledge continuity and improving project governance and practices. The strategies supporting this goal reference building technological infrastructure to adapt to business needs, implementing comprehensive plans for succession planning, and continuously implementing processes, increasing accountability and a high-performance work culture. Objectives 4.1.2 and 4.3.2 focus on data integrity and training in an effort to increase fidelity of agency applications and improve consistency and continuity. Failing to meet this goal would result in a workforce incapable of providing services at the highest level to stakeholders.

Nature and Level of Outside Help Needed to Mitigate Negative Impact on the Public

Goal 1: "To Prepare Offenders Under our Supervision Toward Becoming Productive Members of the Community." Agency stakeholders can aid SCDPPPS in its efforts to utilize evidence-based practices and offender accountability strategies for more effective and result-oriented offender supervision. For example, victim service agencies and mental health organizations can assist in delivering applicable training. If Goal 1 is not achieved, SCDPPPS must work to galvanize partnerships with organizations which support the Department's mission to mitigate negative impacts. These agencies can offer assistance in holding offenders accountable and effecting behavioral change.

Goal 2: "To Provide Assistance to Victims of Crimes, the Courts, and the Parole Board." This goal requires the Department to utilize customer feedback for continuous improvement and to deliver quality services to Agency stakeholders through data collection, information sharing and specialized training. If the objectives of this goal are not met, SCDPPPS will need to strategize differently to obtain more input from stakeholders and enhance awareness with the Courts and the Parole Board as well as bolster victim advocacy.

Goal 3: "To Protect Public Trust and Safety." This goal requires the Department to establish and maintain positive relationships with the public and to enhance methods to reduce recidivism. If the objectives of this goal are not met, the Department could mitigate the negative impact by partnering with local organizations to improve awareness and visibility in communities. The Department could seek assistance through data sharing from other entities on their successful community relations.

Goal 4: "To Efficiently Develop the Organization and Workforce While Delivering Quality Services." The Department remains focused on employee retention, staff performance, and building a technological infrastructure for process improvement. If the Department fails to accomplish the objectives for this goal, it may need to collaborate with the State Division of Human Resources (SDHR) to assist with retention strategies and succession planning. Similarly, the Department may need to seek advice from the Office of Technology and Information Services at the Department of Administration to assist with accessing appropriate technology to support process improvement.

Up to 3 Options for the General Assembly to Help Resolve the Issue Before it Becomes A Crisis

Option 1: Goals 1, 2, and 3 encompass core aspects of the Agency's mission, including offender supervision and enforcement, release services, victim services, and coordination with Agency partners. To meet objectives for these goals, the Department has active plans under development including: expanding specialized caseload programs for offenders, utilizing an electronics detection canine, enhancing the use of technology for supervision and developing a special operations response team. Each of these plans is associated with one or more goals and objectives. The General Assembly has been incredibly responsive to requests to fund the Department's initiatives. To help ensure the Department can continue to serve its core functions and avoid a

AGENCY CODE:	N080	SECTION:	066		

crisis, the General Assembly can continue to support and fund future initiatives, particularly as specialization of programs better serves offenders, victims, and all citizens.

Option 2: Goal 4 places increased emphasis on improved technology infrastructure, knowledge continuity, and employee retention. In order to resolve concerns regarding continuity and enable the Department to keep experienced Agents and staff capable of providing quality services to stakeholders, the General Assembly can continue to fund pay increases that keep pace with other law enforcement agencies in the state.
